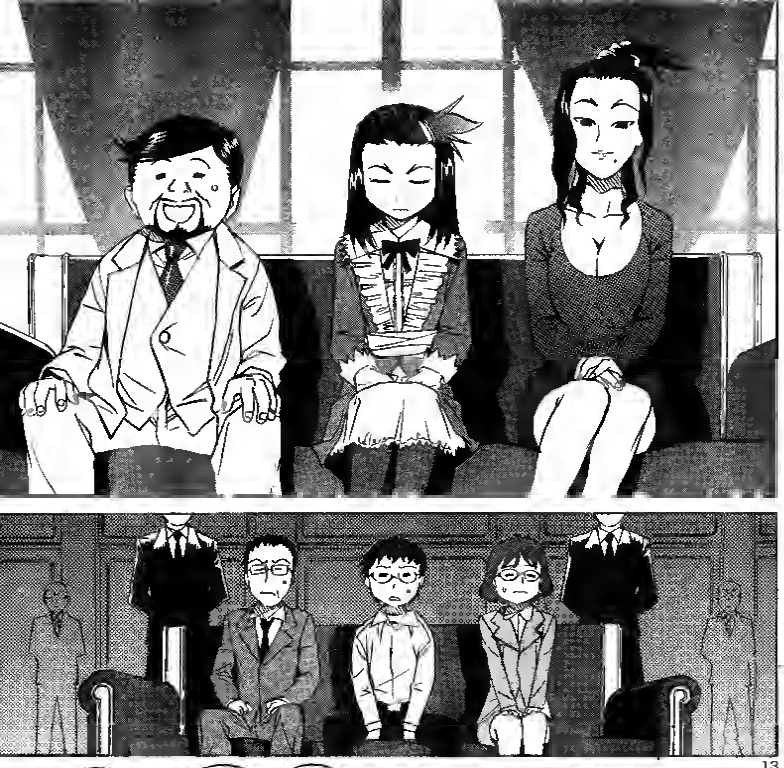
Hikari-chan?

Come with me.
I'll introduce you to my parents.
What did you see that made you remember?!
guah!



Takeshi,
what's going on here?
Exactly how are you two engaged?
I don't know what's going on *either*.

Manga café?
You weren't at the office?
Ah... No ..
From what I hear from my daughter,
I was enjoying a nap in the manga café, and then next thing I know, I'm here!
And isn't this a little unfair?!
When they were children, Takeshi-san
made a vow to my child.

Then...
are you saying my daughter is lying?
Ah, no...
I wouldn't say that...
Y-You already made a vow to her, Takeshi?
Get serious!! I don't remember any..

In that case,
let's have you take responsibility for your words.
But Takeshi is still in high school...

No!
at the beginning of the year, you were fired from your job.
Takeshi-san's father,
As for you, his mother, you even got a loan from the pachinko parlour.
Yet everyday, you pretended to go to work, when actually you would go to an internet café or laze around in the park.
Now you face foreclosure on your house.
in an attempt to pay it back, you tried your hand at investing and lost heavily.
!!!

I had no other options!
Is... is that true, honey?!
but when it's the parents of my precious daughter's fiancé, that's a different story.
If it were anybody else, I wouldn't care,
If you like, you can be vice-president of one of our affiliate companies.
Of course, we'll be taking Takeshi-san in as a member of this house.
By all means, please take care of our son.

And, although small, we can provide a 4LDK* for you to live in for now...
